Where sealing is business

stone® - the source

Completely Original.Originally Complete.

Every **Stone** gasket set contents are originally designed from the hands-on survey of repair services. Every **Stone** set contains all component parts needed to complete the service work.

Reliable O.E.Quality

Every **Stone** gasket is designed,engineered and manufactured upon O.E.specifications plus expertise and experience of serving the engine maintenance industry.

Inventory Cost Decrease

Every single **Stone** gasket set applies to many more different engine versions and vehicle models. Considerably less number of different gasket sets in your inventory will build up significantly larger business volume.

Warranty

Stone products are warranted against wear and defect when used on private passenger cars and light trucks under normal operating condition and when properly installed and maintained.

Custom-made Gaskets

Stone is the most reliable source of custom-made special gaskets on individual customer's inquiry basis, such as for transmissions, exhaust system,racing vehicles.**Stone** is also the pioneer of non-asbestos gaskets.

Gaskets used in automobile engine

How to use this catalog

The Contents of **Stone** gasket sets may differ from those of O.E. service sets, as **Stone** may contain extra gaskets and seals for wider application to different engine versions and vehicle models, and for complete engine service work with one set.

Stone reserves the right to change the contents of the gasket sets, the material of each component and the price, with or without prior notice.

Only represented **vehicle models** are listed.

		Year application is based on model years for Japanese market.	STONE NUMBER
